

ABOUT

MAVRO IMAGING

Revolutionary Remittance, Lockbox, and Document Imaging

Founded in 2007, Mavro is committed to helping companies gain efficiency, reduce manual labor and save money by intelligently processing documents and payments. Our revolutionary remittance, lockbox, and document imaging software is backed by support from our responsive team of experts.

We've installed hundreds of solutions with One-Touch Processing as the foundation for organizations to achieve newfound value and rapid return on investment.

Market Innovator

One-Touch Processing solution (OTP) eliminates manual presorting and physical movement of documents for unparalleled efficiency.

Collaboration is Key

We work to fully understand your pain points. Together, the Mavro/Customer team builds and executes the project plan.

Dedicated to Development

We add hundreds of new features and functions each year. Under our support agreements, upgrades are always free.

Culture of Support

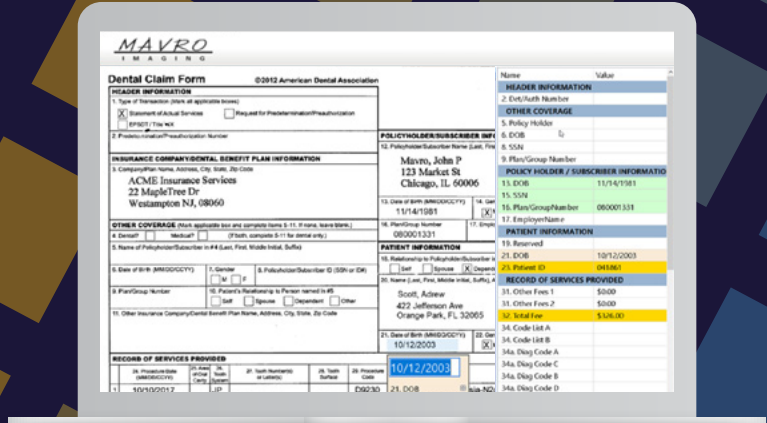

Our integrity is embedded in our support response averaging just 1.4 minutes with most issues resolved in under an hour.

MavBridge™ Software Suite

Our flagship software platform was developed in-house by our expert Engineering Team for maximum flexibility. MavBridge™ Core is the heart of the system that connects modules to create one seamless solution, optimized for your organization without custom code.

Modular Makes It Easy

Built on the latest .NET framework, MavBridge™ is completely modular to increase the possibilities. Sized to fit your needs, minimize cost and with free upgrades to maximize ROI. As your requirements change, functionality easily scales with them.
